HELP REFORM THE TARIFF.

The Western Democratic Campaign Fund and Its Mission.

How Cleveland's Election May Be Made Absolutely Certain.

(From This Morning's World.)

The Western Democratic Campaign Fund total now amounts to \$10,000,000, a sum that will do valuable service in spreading the great Democratic principles of tariff reform among the voters of the Northwestern States who are yet in doubt as to the way they will cast their ballots.

Never in the political history of the country has there been a national campaign so backward as this year. Only now are the people beginning to wake up to the fact that a President is to be chosen six weeks from next Tuesday. From now on campaign masters may be expected to boom, and as the tariff and candidates become more general subjects of conversation this fund is likely to attract more and more attention of a sort calculated to increase its efficiency.

Last week the fund advanced in a way thoroughly satisfactory to those interested in the great work it is expected to perform in behalf of true Democracy.

Through This World 1,258 persons showed themselves to be Democrats in deed as well as sentiment by sending in subscriptions, while many others contributed through the columns of the hundred odd newspapers scattered throughout the Union which are allies of THE WORLD in this tariff reform educational movement. The amount of money contributed almost doubled that of the week before, while the letters which accompanied subscriptions showed how widespread the belief is that this work will be of incalculable advantage to the Democratic party. The contribution came from all parts of the country, and white and black, old and young, men and women showed their allegiance to Democratic principles by swelling the fund.

The next President must be a Democrat, and advantage should be taken of every possible plan to bring about this glorious result.

The 10th South will stand as she has ever done in the cause of the Democracy, and New Jersey, Connecticut and Indiana may be relied upon for Cleveland and Stevenson. Every indication points that this State will give her thirty-five electoral votes to the Chicago nominees, besides rolling up a splendid popular majority.

The Empire State, however, has been known to falter in its allegiance to Democratic principles in a presidential year and the United Democracy this campaign will be called upon to fight the influence of a tremendous corruption fund that the Republicans will pour into this State. The result of a national campaign should not depend on the way any one state votes, and Democratic hopes this year are vital to hinge upon the way the thirty-six electors of New York take their ballots.

The West offers a splendid field for missionary work, and conservative politicians who have visited that section are convinced that by a proper presentation of the great principles of tariff reform enough voters can be won over to the Democratic cause to make Cleveland's election independent of New York's vote.

The Western Democratic Campaign Fund was inaugurated for the purpose of spreading the Democratic gospel of tariff reform. With the money subscribed speakers will be sent out to the States of Illinois, Iowa, Wisconsin, Michigan, Minnesota, Nebraska and Kansas to show up the frauds of protection and the benefits of tariff reform. The issue will be thoroughly explained and literature bearing on the subject will be scattered broadcast, that every voter may learn the truth and be persuaded that his future depends on Democratic success.

Not one cent of the money subscribed will be spent in bribery. Every dollar will be expended in pushing a campaign of education, and a committee, on which Govs. Boies, of Iowa, Pease, of Wisconsin, and Boyd, of Nebraska, have consented to serve, will see that every dollar is properly accounted for.
